This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

The A-B-C of INSURANCE

Against Business Loss Means That You Must be Listed In the Great and Only Real Buyers Guide — The City Directory — The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

It can, therefore, plainly be seen that it is expected that the "live" businesses can and will set forth in the City Directory the details of their business, for in no other place can these details be set forth at a minimum of expense and this information be distributed FREE OF EXPENSE to the Advertiser. The service is established and each business house can get on and ride at so low a price and on the same principle as the trolley car carries its passengers at a surprisingly low fare because of an established service.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

HAMPDEN

Auto Seat Covers have become a necessity to those owners who appreciate the value of protecting their car's upholstery. It takes very little to ruin the delicate upholstery used in cars nowadays. Hampden—one of the oldest and largest manufacturers in the business offers a complete line of covers as well as the popular Jiffy Slip covers at low prices.

Auto trunks are another touring necessity. Car owners appreciate the convenience of carrying the luggage in an auto trunk on the back of the car where it is out of the way. Hampden offers five styles of well made plywood fabric covered trunks at moderate prices.

Also manufacturers of Rumble Seats, Luggage Racks, Fender Splash Shields and Glass Enclosures.

Is the

CITY DIRECTORY

BECAUSE IT IS USED THE MOST TO FIND JUST SUCH INFORMATION YOU MOST WISH TO HAVE THE PUBLIC KNOW

FIRST: What line of goods you handle. SECOND: Where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

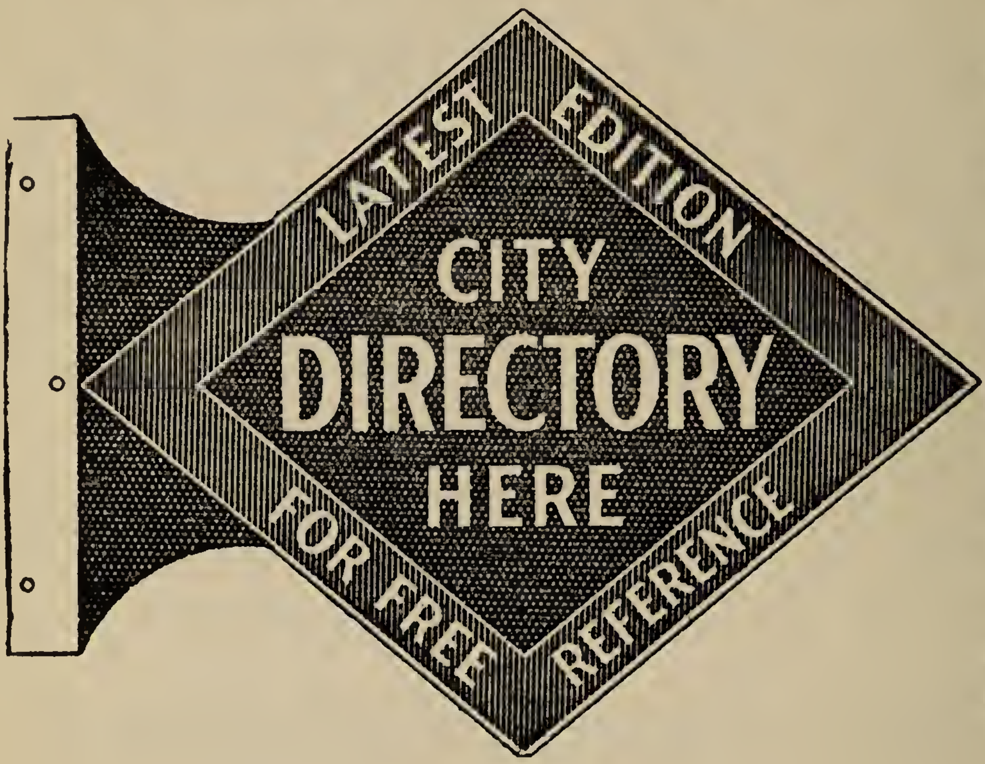
This is The Sign of The Progressive Merchant



Who appreciates your patronage by letting you use his City Directory

Who shows his desire that you learn the efficiency that frequent use will give to you.

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel, restaurant and garage man expects that the masses of the people shall without hesitation ask for "a look at the City Directory."

WHEN YOU PLACE YOUR AD IN THE CITY DIRECTORY

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

The Best Advertising Medium
Is the
CITY DIRECTORY
BECAUSE IT IS USED THE MOST TO FIND JUST SUCH INFORMATION YOU MOST WISH TO HAVE THE PUBLIC KNOW

FIRST: What line of goods you handle. SECOND: Where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
